Profile

I am a BSc Mathematics and Computer Science student entering my third year, with a foundation in full-stack web development and strong problem-solving skills. I have hands-on experience building responsive web interfaces using HTML, CSS, and JavaScript, with additional exposure to Python and C++. I enjoy working in practical, fast-paced environments where I can contribute to the design, development, and maintenance of digital platforms while continuously improving my technical skills.

Education

University of South Africa

BSc in Mathematics and Computer Science (*In Progress*)

Zaio Technology

Full Stack Development

Makgetse High School

Matric

Experience

TSIBA Ignition academy

April 2024 – December 2024
